

STRATHCONA NEWS

RESULTS OF SCIENCE EXAMS
AT THE UNIVERSITY OF ALTA.

Students Who Attained Distinction in the Different Subjects in the Examinations of the University of Alberta.

Following is a list of the students at the University of Alberta who have won distinction in the science exams. The results were issued this morning by the faculty who have been working hard at the paper.

First Year.

Algebra—
Class I—M. Brown, J. F. Sells, C. W. H. Harris, and P. H. McKenney.
Class II—L. E. Harris, J. F. Sells, C. W. H. Harris, and P. H. McKenney.
Class III—H. M. Brown, J. F. Sells, C. W. H. Harris, and P. H. McKenney.
Class IV—J. F. Sells, C. W. H. Harris, and P. H. McKenney.
Class V—J. F. Sells, C. W. H. Harris, and P. H. McKenney.
Class VI—J. F. Sells, C. W. H. Harris, and P. H. McKenney.
Class VII—J. F. Sells, C. W. H. Harris, and P. H. McKenney.
Class VIII—J. F. Sells, C. W. H. Harris, and P. H. McKenney.
Class IX—J. F. Sells, C. W. H. Harris, and P. H. McKenney.
Class X—J. F. Sells, C. W. H. Harris, and P. H. McKenney.

C.N.R. REFUSES INCREASE.

Carman and Steam Fitters Will Not Receive Wage.

Winnipeg, May 6.—The carmen and steam fitters of the Canadian Northern Railway, who have been negotiating with the company for higher wages, have been definitely refused and will resort to a strike. The union has been notified that the company has no intention of making any concession to the strikers, and the strikers have been notified that the company has no intention of making any concession to the strikers.

The lowest paid trades have been, however, emphatically turned down and negotiations with the boiler-makers, the best paid artisans of the company, are at a dead lock. The machinists, who have been signed by the company, as has also that of the blacksmiths, molders and pattern makers. With the carmen, who have been turned down, are included the carpenters, painters, truckmen, coach yard employees and other inspectors and various other similar occupations.

The C.N.R. men, who have been refused a raise, are an important body of artisans. Under the new schedule, the carmen are getting a 2-cent per hour increase, or a rate of 42.5 cents per hour, with improved conditions, which puts them really in a better position than the blacksmiths and pattern makers, who are getting a 2-cent per hour increase, or a rate of 40 cents per hour, with improved conditions, which puts them really in a better position than the blacksmiths and pattern makers.

SCENE IN MONTREAL CATHEDRAL.

During Service, News Is Received by Archbishop Bruchesi.

Montreal, Que., May 6.—There was a touching scene at James Bruchesi's funeral in the Cathedral today. The announcement of the King's death. Over four hundred children, dressed in white, were present, many of them being the children of the deceased. The Archbishop, who was present, was deeply moved by the scene. He said that the death of the King was a great loss to the world, and that he was proud to have known him. He said that he was proud to have known him, and that he was proud to have known him.

His Grace subsequently sent the following message to the governor general: "The death of the King is a great loss to the world, and I am proud to have known him. I am proud to have known him, and I am proud to have known him."

DOVE TO DIE AT OTTAWA.

Thomas Ryan Dies After Chastity Falls from Bridge.

Ottawa, Ont., May 6.—Handsome young man, Thomas Ryan, of Ottawa, who was charged with the murder of a woman, died today after a long illness. He was found hanging from the bridge over the Ottawa river. The police are investigating the case. The man was found hanging from the bridge over the Ottawa river. The police are investigating the case. The man was found hanging from the bridge over the Ottawa river. The police are investigating the case.

Western Graduates of McGill.

Montreal, Que., May 6.—The students from the Western provinces who are attending McGill University today are the graduates of the McGill degree.

Mr. and Mrs. Jackson, of Winnipeg, are visiting in Strathcona, the guests of their daughter, Mrs. R. B. Douglas and Mrs. Young.

Sgt. McIntyre, of Strathcona, stands third on the list of men to go to the O.C. country in June.

Mrs. R. H. Christie has gone to Toronto to visit her sister, who is seriously ill.

Mr. and Mrs. W. E. Rankine, lately of Millet, have taken up their residence on Wilby avenue.

Rev. Mr. Millar will address his Epworth League of the Methodist Church on Monday night, subject "Christian work in British Columbia."

The decision of the city council Tuesday night to let Engineer A. C. Potter, of New York, to look over and make recommendations for the best sewerage system for Strathcona in future expansion is apparently received with favor by the majority of progressive ratepayers. There is a tendency of opinion among the city officials as to just what line of action should be followed in making improvements to the sewerage system, but there is no doubt expressed that the New York expert will be able to make valuable suggestions with regard to meeting requirements of the city.

Ernest Carmichael has returned from Quebec where he has been studying.

Rev. Father Jan leaves on Sunday on a much needed rest at the Pacific Coast.

100th Winnipeg Grenadiers.

Ottawa, May 6.—A militia order issued this afternoon announces that the 100th regiment will in the future be designated "100th Winnipeg Grenadiers."

The troops, expected to train in Brandon, will commence their annual training on June 21 instead of June 20. The "B" squadron of the 22nd Saskatchewan light horse will train in camp at Brandon instead of at local headquarters. The establishment of a rifle association at Ross, Saskatchewan is authorized.

MOTHER AND DAUGHTER
SAVED BY GIN PILLS

The Famous Kidney Remedy.

44 Woolsey Ave., Toronto.
March 21st, 1909.
I was engaged as assistant at Sterling House, Gray'siding, Ont., I became familiar with the merits of Gin Pills. On leaving Gray'siding, I left my wife (aged 31) and my daughter (aged 21) in poor health. The former had tried all sorts of remedies for her ailment—Middle Age or Change of Life. The points in her hands were badly swollen and she suffered much pain.

I secured to me that Gin Pills would help her and so advised her. This was the first time she had ever taken them. To my surprise she said she was trying Gin Pills. Her next letter said that the pills were doing her good, and the second that the swollen joints were fast disappearing. Her health was improving, and the swollen joints were fast disappearing. Her health was improving, and the swollen joints were fast disappearing. Her health was improving, and the swollen joints were fast disappearing.

Simply write to the National Drug & Chemical Co., Dept. A.D. Toronto, and you will be sent your own box of Gin Pills. They have proved their great value, get your own—do a box, 6/25.

THE FACTS ABOUT
FORT
GEORGE

need no exaggeration. We have been careful to UNDERSTATE rather than to overstate the resources of this coming metropolis.

Our advertising has consisted of PLAIN, UNADORNED STATEMENTS OF FACTS, VERIFIED FACTS. The public has quickly realized the truth—that the commercial capital of a great empire lies in the making at Fort George, Central British Columbia.

Now, hardly an issue of Vancouver or Victoria papers appears, but what contains mention of Fort George, of the building of steam boats for the river, of the provision of additional transportation to it from the present railway lines, and now, as spring comes, of the wonderful influx of settlers. We publish a little paper

ABOUT FORT GEORGE AND CENTRAL BRITISH COLUMBIA. It is devoted primarily to the building of lots. It supplies authentic information on the latest developments.

BULLETIN OF FACTS

It tells about the progress of the railways, the influx of settlers, the establishment of business houses, the operation of steamboat lines, and all the activities of this thriving young city, and its great surrounding territory.

If you are interested in the development of Central British Columbia, send us your name and address and we will mail you each issue of this paper.

G.T.P.—PROGRESS

At London the other day President Charles M. Hoyt, of the Grand Trunk Pacific Railway, stated that this summer he expected to ride from Prince Rupert to Copper River on the new railway line.

Construction work is being rapidly pushed forward on the line both east and west of Fort George. Transcontinental trains will be running through here, possibly in 1911, certainly in 1912.

This great transcontinental is only ONE of the many railways whose inland systems will centre at Fort George. There are now seven railway lines, building and projected, which radiate from this point. Its strategic position will COMPEL the railways of the future also, to centre at Fort George.

WHY?

Because Fort George dominates the inland waterways. You can verify this statement by a glance at any map of British Columbia. You will see its location at the junction of the Nechaco and Fraser rivers, and commanding the Stuart river and its chain of lakes; the north and south branches of the Fraser; the Salmon river and the headwaters of the Peace.

And what does this signify? And what does this signify? ALL RAILWAYS MUST BUILD ALONG THE WATERWAYS TO GET FEASIBLE GRADES, AND THUS THEY MUST ALL BUILD INTO FORT GEORGE.

Spokane, Winnipeg, Edmonton and Calgary are the railway centres of their respective territories. Knowing what these cities have become, you can easily see what Fort George WILL BE. Only Fort George will develop faster, because it is the centre of the LAST GREAT UNDEVELOPED SECTION OF NORTH AMERICA.

Delay may lose you your share in the profit of the development of this the "Last Great Metropolis of North America."

Bakes—Roasts—Broils—Toasts

BAKES bread, pie and cake—bakes them perfectly all through, and browns them appetizingly.

ROASTS beef, poultry and game with a steady heat, which preserves the rich natural flavor.

BROILS steaks and chops—makes them tender and delicious.

TOASTS bread, muffins, crackers and cheese.

No drudgery of coal and ashes, no stooping to get at the oven; no smoke, no dust, no odor—just good cooking with greater fuel economy. Irons and water in wash-boiler always hot. The

New Perfection Oil Cook-Stove

has a Cabinet Top with shelf for keeping plates and food hot. Drop shelves for the coffee pot or saucepan, and nickel-plated foot rest.

It has long turquoise-blue enamel chimneys. The nickel finish, with the bright blue of the chimneys, makes the stove very attractive and increases its usefulness. Made with 1, 2 and 3 burners. The 2 and 3-burner stove can be had with or without Cabinet.

CATHARTIC ROUTE. Be sure you get this stove—the one made under "NEW PERFECTION." Every dealer everywhere (if not your own) for Descriptive Circular.

The Imperial Oil Company, Limited.

ILLINOIS LEGISLATORS INDICTED FOR BRIBERY

Illinois legislators True Bills returned by Grand Jury in Charge Against Brown, Wilson and Link, Who Figured in Notorious Laramie Case. Perjury Charged in Two Cases.

Chicago, Ill., May 6.—The following members of the Illinois general assembly were indicted today by the special Cook county grand jury, which has been investigating the charges of legislative corruption: Representative O'Neill Brown, of Ottawa, charged with having bribed Representative Charles White to vote for Wm. Loring of United States senator, by paying him \$10,000 in June, 1909, in accordance with a certain corrupt agreement; Representative Robert E. Wilson, of Chicago, on a charge of perjury, based on his testimony before the grand jury that he did not distribute the "jack pot" corruption fund at St. Louis, July 10, 1909; Representative Michael Link, of Mitchell, on a charge of perjury, based on his testimony before the grand jury that he was not at St. Louis on the date of the "jack pot" distribution.

A fourth indictment, having to do with the distribution of the "jack pot" to Senator Laramie, together with the "jack pot" distribution, was returned against Wm. J. Bradley, former representative, and at the same time vice-president of the general council of the Chicago and Western Indians, railroad, entering him with embezzling and converting to his own use \$25,000 of the road's money.

The trade bills were returned before Judge Kersten, of the Criminal court, at 5:10 o'clock, chiefly as the result of the testimony of Representative White and Representative H. J. C. Beckman, of Carle Place, who testified that he had been bribed by the "jack pot" fund to vote for Laramie and \$20,000 cash out of the "jack pot."

OPEN VERDICT BY JURY.

Son of Fenton May be Charged With His Murder.

San Francisco, Cal., May 6.—The inquest into the death of Elsie Fenton, the aged farmer's daughter who had been killed by a train, was held today at the coroner's office. The jury, which included the coroner, returned a verdict that the death was caused by the negligence of the Southern Pacific company, and that the company was liable for the death of the girl.

New Agreement With Engineers.

Montreal, May 6.—Representative of the Brotherhood of Locomotive Engineers and Firemen at the annual convention of the union at the Hotel de Ville, Paris, are conferring with the officials of the company in anticipation of the expiration of their contract, which expires on June 1, with the object of securing a new one. It is believed that the company will agree to the terms of the new contract, which are threatening to strike unless they are accepted.

NO DELEGATES TO THE CONVENTION

Edmonton Board of Trade Decides to Not Send Representatives to the Meeting of Associated Boards.

At the monthly meeting of the council of the Board of Trade, held in the board room on Thursday afternoon, several matters of importance were discussed.

A communication was read from John T. Hall, secretary of the Associated Boards of Trade of Western Canada, advising that the seventh annual convention of the Associated Boards of Trade is to be held in Brandon on June 10th, 11th and 12th; also that resolutions to be placed before the convention should be in the hands of the secretary at Brandon not later than May 25th.

The secretary was instructed to retain the usual fee to retain the membership of the Edmonton Board of Trade in the association, but the council decided that owing to the late date at which this notice had been received, it would not be practicable for the Edmonton board to formulate suitable resolutions and have them ready for the meeting of the Associated Boards by the date specified.

It was also pointed out in discussion that the results of last year's convention had been very unsatisfactory, inasmuch as the instructions of the convention had not been followed up to the letter. The council decided that the resolutions of the convention should be carried through the convention, or as to what view these matters had been taken by the various chambers of commerce and others to whom the resolutions had been directed to be sent. Consequently, this board had had no opportunity to supplement the resolutions with opposing arguments where such might be necessary.

It was the unanimous opinion of the council in view of all these circumstances, that it would not be advisable for the Edmonton Board of Trade to send delegates to the convention this year.

Another matter dealt with by the board was a communication from the Board of Trade of the city of Regina, which was a copy of the views of the Edmonton Board of Trade as to the desirability of making a change in the system of protecting immigration to Western Canada, and the views of the board of trade of the city of Regina in regard to the same. The board of trade of the city of Regina had been asked to give their views on the subject, and the board of trade of the city of Edmonton had been asked to give their views on the subject. The board of trade of the city of Edmonton had been asked to give their views on the subject, and the board of trade of the city of Regina had been asked to give their views on the subject.

Aid for Costa Rican Sufferers.

Washington, D.C., May 6.—U. S. Consul Monroe at San Jose, was authorized today to draw on the American National Red Cross society for \$2,500 aid of the earthquake and fire victims at Cartago, Mr. Monroe will report to the department to what extent the aid of the United States has been effected and also on the general situation of the country.

GEORGE FIFTH IS NOW KING

(Continued from Page One.)

was blocks long. About the grounds and at the entrance of the house the crowd was so great that many were compelled to wait half an hour or more before getting in. The ceremonies of the call were most impressive, bringing to more than the dignity of the visitors' look, except for a few personal friends of King George and Queen Mary. The king himself directed the dispatching of the official word of his father's death to all the rulers of the world.

FACTS ABOUT KING GEORGE THE SEVENTH.

Born Buckingham Palace, Nov. 9, 1841.

Oldest son and child of late Queen Victoria, and Prince Consort, Prince Albert.

Created Prince of Wales Dec. 14, 1841.

Educated at Universities of Edinburgh, Oxford and Cambridge.

Visited Canada in 1860.

Took seat in House of Lords 1863.

Married March 10, 1863, to Princess Alexandra, eldest daughter of King of Denmark.

Seriously ill with typhoid fever in 1871; recovered in February, 1872.

Visited India 1875-8.

Made extended tour of Ireland in 1880.

Silver wedding celebrated in 1886.

Established Prince of Wales Hospital fund, Diamond Jubilee, 1897.

Became King on death of his mother, on Jan. 22, 1901.

Coronation ceremony fixed to take place in Westminster Abbey, June 26, 1902, postponed owing to sudden illness from which King recovered and coronation ceremonies took place on August 9 of the same year.

Children: Albert, Victor, Christian Edward, Duke of Clarence, born Jan. 8, 1894, died Jan. 14, 1902; George Frederick Ernest Albert, Duke of Cornwall and York, now King, born Jan. 3, 1894; Prince of Wales, born Feb. 26, 1902; Princess Victoria Alice, born Oct. 6, 1901; Prince Edward, born July 6, 1902; Princess Maud Charlotte Mary Victoria, born Nov. 26, 1902.

BRUSH FIRES IN NORWOOD.

The brigade from No. 3 fire station was called out Friday to extinguish a brush fire in Norwood. The fire was located between the Williams avenue, on Levee Street, and was burning in the dry brush.

There were several houses in the immediate vicinity and this fire could have been a serious one. It was extinguished in about 15 minutes.

Mr. McDonald, who has been in the fire station for some time, has been in the fire station for some time.
